Hello Tracy, yes I most certainly have a view to put over about the High Court Writ and the council, whose persistent destructive actions and complete utter demolition of the woodside Romanie peoples culture and ethnic way of life has been going on for too long.

The ferocious gains of a few individuals is to see the destruction of woodside, but we the people who will be affected by this do not think this decision should be left to a few individuals, and so we are asking would the Beds on Sunday and the people of Bedfordshire help us and participate in a voting pole on (woodside).

We are asking the tax payers and local people i.e., (shops garages doctors police fire department schools refuse collectors businesses food takeaways supermarkets in fact everybody who will be affected by us the Romanies of woodside and where we live.

To vote either by email letter or perhaps you could also include a postal vote in your news paper.

The questions we are asking the people of Bedfordshire to vote on is this,

- 1) To leave the Romanies to live in peace on woodside park (which we have been doing know for all most four years), at no cost to anyone but the Romanies of woodside.
- 2) See the Romanies of woodside forcibly removed from our own park and our (homes and all our belongings confiscated) women and children put into hotels at great expense to the tax payers indefinitely, men locked up in prison due too non payment of extortionate fines imposed by the council and around £500.000.00 of the tax payers money used to accomplish this plus the cost of keeping 27 extended families in hotels for perhaps years.
- 3) See the complete population of woodside Romanies (some 190+ people) removed and relocated to several different new sites in and around close proximity to woodside, (i.e. Sandy Biggleswade and several different villages close by and then instead of just Romanies of woodside living in Hatch there will be Romanies living in around six different areas on there own sites in stead of one, which will be developed by using tax payers money, that will cost never mind thousands instead (millions to fund which the council will pay for using tax payers money).

Therefore we the Romanies of woodside ask you the people of Bedfordshire to vote and let us know what you think, we as Romanies know the way forward is to let us stay on our own land (which is a past tourer park already) and finnish developing our own private site at woodside which will be at the expense of no one but the Romanies themselves and follow the proposals what the Government themselves suggested as a way of solving the problem of finding and funding sites for the Romanie race of people.

We the Romanies of woodside feel that in what will be remembered as one of the most horrific times in History, the human race should live together in peace and that should also include the Romany Race as well should it not Clifford Codona and the Romanies of woodside park.

PS God bless the grieving families of the World that have lost loved ones in the great tragedy of America, the Romanies of woodside send there heart felt condolences to them all.
